Spring Is In The Air & Wedding Season Is Here!

If you have ever felt that you know what you want but you just can't seem to find what you are looking for then B Deigned would like to introduce ourselves to you. We are an innovative and creative business that transforms ordinary into extraordinary by customizing and stylizing all the little details that go into any type of event. We design unique, made to order invitations, cards, envelopes and any other related personalized products that will compliment your event. We encourage you to browse through our website and notice the many other services that we offer. Your experience at B Deigned will start with a personal consultation with Becca, the Creative Design Stylist and owner. Becca will then conceptualize your ideas, creating a unique theme and design fit for your special occasion.

This March, B Deigned is focusing on three Spring elements that will help you achieve a fabulous Spring theme wedding:

- What's in bloom for the Spring Season
- Spring Inspired Invitation Sets
- The Perfect Favor for your Guest

Spring is in the air and wedding season is here. Spring is the perfect time for a picture perfect wedding and the best time to sneak in your favorite color pink. If your planning your wedding for the spring time than you have an amazing color palette of a variety of flowers at your disposal. You will find that the best flower selection is in March and April. Some popular favorites are and that photograph the best would be Dahlia's, Orchid's., Tulips, Peonies and Lilies. Remember that flowers take up a good portion of a wedding budget. Typically you need flowers for the bouquet's plus the toss bouquet, boutonniere's, corsage's for anybody who is involved in the ceremony or people you honor. Don't forget about the reception flowers, ceremony flowers, centerpieces, cake table etc. Keeping a checklist helps you keep track of what needs to be ordered which makes the ordering process faster with less errors when you head to the florist. A checklist also serves as a helpful reminder for when you go to check over your order the day before the wedding. Another helpful tip that most brides don't realize is if your wedding date happens to fall around a major event such as Mothers Day that the

last two week of April and the first week of May the cost of flowers increases about 50% since that is a florist biggest time of year other than Valentines Day. This might also make it difficult for finding a florist that will take on a wedding order so close to Mother's Day. In order to maintain your flower budget make sure that you pick flowers that are in season and that your wedding date doesn't fall around such events that would effect the cost of flowers.

Use that inspiration that helped you choose your wedding flowers into envisioning the perfect spring inspired invitation set which B Deigned will specially create for you. Give your guest a sneak peak of what to expect on your wedding day. A great invitation sets the scene and tone of a perfectly orchestrated wedding.

At the end of the night let your guest take home a token of your appreciation with a customized favor for them to remember your special day.
